Township's Ten Schools Ask $1,096,580 Total Budget

The proposed budgets for the nine elementary schools of the township, and Washington Union High School, were announced this week and revealed an anticipated increase of $62,957 in expenditures during the coming 1950-51 school term.

The boards of trustees of the schools have submitted budgets which total $1,096,580. Last year's expenditures by the schools totaled $1,033,623.

Public hearings on the proposed budgets will be held at regular board meetings in each of the school districts next week.

The budgets for each of the schools, with the exception of Alviso, Newark and Alvarado, revealed an anticipated increase in cost of operation during the coming year.

WAGE BOOSTS

Bulk of the increase asked in the new budgets is for teachers' salaries, brought about by the addition of more teachers to several of the schools' staff and wage boosts for others. A large portion of the increase is also requested for the expansion of school plants, including land, buildings and improvement.

School administrators, ever mindful of the swelling enrollments brought about by the increase of population in this area, are faced with the problem of expanding their school facilities and teaching staff to keep pace with the growth.

Washington Union High School has included in its new budget $97,787, earmarked for building and improvements which may include a new wing to the present building.

PROJECTS UNDER WAY

Decoto, now completing the new Henry Bernard School, is faced with the possibility of constructing another school to accommodate the children from the Tareyton Village tract, which is to be the site of more than 600 new homes.

Newark, squeezed out of the old building by increased enrollments, has completed one half of its new school plant and has begun clearing the legal hurdles for the construction of the remainder of the unit.

Alviso school district this spring voted bonds for the construction of a new annex.

Niles trustees are considering the purchase of property in their district for the construction of a second school.

The budget requests for the 1950-51 school year are as follows: Alviso, $20,953; Centerville, $79,617; Irvington, $91,940; Newark, $92,778; Warm Springs, $31,256; Alvarado, $51,800; Mission San Jose, $22,918; Niles, $109,407; Decoto, $134,394; and Washington Union High School, $461,517.

NEW $70,000 FARM MACHINERY CENTER COMES TO TOWNSHIP

Indicative of the faith that business men have in the growth of Washington Township was the announcement this week from the Arthur C. Day Implement Company at Hayward that it will start construction of a new $70,000 farm machinery center between Centervill and Alvarado on Monday.

The new center will replace that operated by the Arthur C. Day Company at Hayward, and is being moved to the two-acre site at Machado's Corners to allow for expansion, explained Elwood Johnson, co-owner and manager.

Johnson said that the business would employ about 15 men, and will have an annual payroll of about $55,000, an announcement that will be good news to local tradesmen.

The 140 by 60-foot building will be of pumice block construction, and will have an all-glass showroom, where farm implements, tractors, trucks and refrigeration units will be on display, all products of the International Harvester Company.

Shale Ortzow, Oakland contractor, surveyed the property this week.

The business is an outgrowth of one started in Sunol by the Day family in 1870. The company began as a hay and grain warehouse with implements as a sideline. It was moved to Hayward in 1932.

The company expects to move into the new bulding around November 1.

SANITARY DISTRICT AWARDS CONTRACT FOR NILES ANNEX

The contract for the construction of sewer lines through the area near Niles, recently annexed to the Union Sanitary District, was awarded to a Los Angeles company Monday evening by the district directors.

Winner of the contract on its lowest bid was the P. and G. Artukovich Company, Incorporated. The bid was $88,364.39. Other bids received were: San Leandro Construction Company, $98,829.70 and Oakland Sewer Construction Company, $88,855.09.

The contract calls for the laying of more than five miles of sewer lines along Santos and Fremont Avenues, throughout the Ellsworth Orchard tract and Canyon Heights and down the state highway from Niles to a point below Morrison Canyon road.

Both George Coit, president of the sanitary district board, and Harry Goodridge, district engineer, said Tuesday that they considered the winning bid "very reasonable." They had estimated that the construction cost would be near the $100,000 mark.

Further progress being made by the district is the construction of an office building and warehouse, now nearly completed at the corner of Baine and Stevens Streets in Centerville. The work is being done by L. M. Potts, Newark contractor.

Coit also announced that bids for the construction of the district's new disposal plant will be opened by the board at its August 14 meeting.

DECOTO CHAMBER TO MEET ON TUESDAY

The regular monthly meeting of the Decoto Chamber of Commerce will be held Tuesday evening, August 1, at the fire station, according to President Edward Paniagua.

TOWNSHIP CHAMBER ASKS FOR 1950-51 BUDGET OF $2,400

The continuation of the Washington Township Chamber of Commerce on a sound financial basis was assured at a meeting of that group Wednesday evening.

A report, given by Judge E. A. Quaresma, chairman of the financial committee, revealed that the Alameda County Board of Supervisors had allocated $1,800 to the Chamber to help cover the cost of operation during the coming year.

Judge Quaresma stated that the committee recommends that the individual participating Chambers of Commerce be assessed a total of $600 to round out the Township Chamber's 1950-51 budget of $2,400. The assessment for the coming year, it was pointed out by Quaresma, is the same that the individual chambers paid for the first six months of operation of the chamber.

The committee also recommended that the salary of Harold Speetzen, executive secretary, be boosted to $150 per month, including expenses.

The delegates were asked to submit the recommendations for approval at the next meeting of their Chambers.

Supervisor Chester E. Stanley was a guest at the meeting and spoke briefly, stating that he hoped that the allocation from the supervisors would make it possible for the Chamber to further boost this area.

DELAY ASKED

Speetzen told the group that a representative of the Eastbay Garbage Company had asked that the Chamber table further action on the possibility of a trash dumping ground until its next meeting. "It is my understanding that the garbage company is negotiating for the purchase of land to operate such a dump," Speetzen said.

Kenneth Garcia told the group that there is a problem existing here in that there are times when no local doctor is available. He cited a specific case when on a recent holiday calls were made to every doctor's office and home in the township and no doctor was available.

Speetzen was instructed to attend the next regular meeting of the Southern Alameda County Physicians' Association to ask their cooperation in working out a plan whereby at least one doctor would be available at all times.

NEXT MEETING AT NILES

Edward Paniagua, president of the Decoto Chamber of Commerce, thanked the Chamber members for their assistance in bringing about the rezoning of a parcel of land in Decoto.

The next meeting of the group will be held on Wednesday, August 30, in the Justice Courtroom at Niles.

COLLIE CANINE CAUSES COMMOTION

Attending a Saturday afternoon matinee at a local theater less than a year ago has resulted in a Centerville boy being in the kennel business.

He is Butch Paul, son of Mr. and Mrs. Dallas Paul.

It all started when Butch's ticket was declared the winning number and he was handed a collie puppie.

Butch proudly took his new possession home and gave it the name "Lassie."

Monday the Paul home also became the home of 10 new collies.

Following the conclusion of the multiple arrivals of "blessed events," the senior Paul commented, "I don't know much about dogs but they tell me that it is some kind of a record. All I'm sure of is that I'm going to have a heck of a time getting rid of 10 pups."

MISSING NILES BOY FOUND AFTER 15-HOUR SEARCH

An all-night search for a missing 7-year-old Niles boy was terminated about 9:30 a.m. Thursday when a neighbor enroute to work discovered the boy walking along the highway near Valle Vista.

Object of the search was Chester Graham, son of Mr. and Mrs. Roy Graham of 1001 First Street, Niles.

The youngster had been playing with a neighbor's children during the afternoon and when he failed to return home at 5 p.m. Mrs. Graham began searching for him. Neighbors joined the search and the sheriff's office was eventually notified and dispatched a group of deputies and patrol cars to this area to join in the hunt.

One neighbor recalled seeing the lad about 9:15 p.m. playing on Second Street. Early Thursday morning the search was shifted to the Niles-Hayward highway when a truck driver reported seeing a young boy riding a bicycle along the highway about 1:15 a.m. The search continued throughout the early morning to no avail.

A neighbor of the Graham's, Gene Franco, left for his job in Oakland shortly after 9 a.m. and as he drove through Valle Vista saw the missing boy walking along the highway toward Hayward.

Franco drove the sleepy and hungry boy back to Niles.

Questioned by sheriff's deputies as to where he had spent the night the lad replied that he had been with a friend, but was unable to tell who it was. He also told the police that he was on his way up the highway to visit a friend, but the parents stated that they have no relatives or acquaintances in that area.

MISSION RESTORATION NEARS COMPLETION

* * * * * * * *

REPARATION WILL PRESERVE OLD ADOBE

By JACK GALLAGHER

Complete restoration of Mission de Guadalupe, idea passionately expounded by the Native Sons of the Golden West of Centerville and the Native Daughters of Laura Loma Parlor, and others in Washington Township for more than 40 years, is at long last becoming a reality.

Since January of this year workmen have been busy re-enforcing, repairing, or rejuvenating everything within the 153-year-old walls of the mission.

Their work is similar to that of a contingent of Spanish soldiers who, under the direction of Franciscan Father Lausen and Sergeant Amador, began erection of the famous home of the padres on June 16, 1797. However, in 1836, the padres abandoned the mission and soon the effects of the elements were evident.

In 1913, the Native Sons, assisted by the Native Daughters, held a Mission Restoration Carnival, and spent nearly $7,500 which they had raised, to tile the mission's roof, build the porch, and make repairs which were direly needed.

About 15 years ago the Native Daughters contributed money for new doors for the mission. Although these efforts were helpful, they were not enough to prevent deterioration.

Recently the William Randolph Hearst Foundation contributed $500,000 for restoration of California missions. According to Father John A. Leal, pastor in Mission San Jose, the parish received $40,000 for rejuvenating Mission de Guadalupe.

The present reparation is to be a ground to gable, interior and exterior job.

All rooms are being restored. The room on the northeast corner will be equipped for use by a study club, where lectures on kindred subjects pertaining to Mission history will be given by Harold J. Speetzen, executive secretary of the Township Chamber of Commerce.

Rooms on the southeast corner are being converted to caretakers' quarters.

The large display room is being repaired. It will contain airtight glass cases in which the mission's paintings, church vestments, and other ecclesiastical paraphernalia will be exhibited.

Restoration is expected to be completed in September and Archbishop John J. Mitty will then rededicate the old mission.

AREA DRAFT BOARD TO SUPPLY 56 MEN BEFORE AUGUST 15

Draft board 54 of Southern Alameda County has received a quota of 56 men which it must supply to the armed forces before August 15.

Members of Southern Alameda County's board are: F. B. Leonard and Edward Stanton of Hayward, M. W. Lewis of Centerville, and Joseph Murphy, who is serving as government appeals agent.

PRELIMINARY PLANS FOR LOCAL COUNTY BUILDING APPROVED

Preliminary plans for the county building, to be constructed on Fremont Avenue between Niles and Centerville, have been approved by the Board of Supervisors and detailed plans are now being prepared, it was revealed this week by Supervisor Chester E. Stanley.

Supervisor Stanley said that the structure will be much larger than originally planned and will exceed the original estimate of $70,000.

The one-story building will have a set-back of some 70 feet from the highway to allow for landscaping. Parking facilities will be provided at side entrances and at the rear of the building.

According to Stanley the building will house the offices of the local branch of the Alameda County Health Department, one courtroom with individual offices for the two Justices of the Peace and their constables, the Centerville library, sheriff's substation, jury room, two jail cells, a kitchen, a utility office to be shared by Supervisor Stanley, deputy district attorney, agricultural inspector and building inspector.

Funds for the construction of the building, budgeted by the supervisors this month, will be available on September 1 and construction is expected to get under way in October.

The building will be constructed on the three-acre tract donated the county by Dr. E. M. Grimmer of Irvington.

WRIGHT RE-ELECTED HEAD OF PLANNING COMMISSION

R. J. Wright, Irvington realtor, was re-elected chairman of the Alameda County Planning Commission this week by the other members of the commission.

Wright, a veteran civic leader, has been a member of the county commission for six years and has served as chairman of the planning group for the past five years.

He was re-elected for a term of one year.

Niles Soldier Is First Local War Casualty

Washington Township's first casualty in the war in Korea was reported here Friday morning with the receipt of a telegram by Mr. and Mrs. A. M. Rodriguez of 1245 Morrison Avenue, Niles, stating that their son, Sergeant Alphonse Rodriguez, 26, is missing in action.

The telegram, signed by Edward F. Withell, Adjutant General of the Army, Washington, D. C., stated that Sergeant Rodriguez has been missing in combat since July 8.

SGT. ALPHONSE RODRIGUEZ

"We are hopeful that he may be a prisoner or merely became separated from his unit, the First Battalion of the 7th Cavalry," his father said this week. "We heard on the radio Sunday evening that some American prisoners of war had been marched through a city in North Korea. I have contacted the Red Cross office in Hayward and asked them to endeavor to find out what they can."

The young sergeant is a veteran of World War II. He first entered the service on December 30, 1942, and served in the European Theated of war with the 71st Division. He was discharged in March of 1946 and re-enlisted in August of 1948.

"Alphonse asked for overseas duty and departed from Seattle for Japan in September of 1948," the father recalled. "The last time his mother and I saw him was when he was home for a week just before he left."

On August 11, 1949, the parents received the Bronze Star Award, which had been awarded their son for meritorious achievement with the ground forces in Germany during World War II.

The last letter from their son was received on June 5, prior to the outbreak of war in Korea. At that time he stated that he had been assigned to the operations section of his unit in Japan.

"He apparently was rushed into the war zone shortly after that time. Now all we can do is wait, hope and pray," concluded the bereaved parents.

Mr. and Mrs. Rodriguez, who moved to their present home from San Francisco in 1946, have two other sons, both veterans of World War II. Edward, now enrolled at the University of California, is well known here, having instructed flying at Center Field, Centerville, for a considerable time, and Antone, who is employed at the Army-Navy supply base in Oakland.

AMBULANCE SERVICE WILL BE RESUMED HERE NEXT MONTH

Local ambulance service for Washington Township residents is to be resumed on or about August 1, it was announced yesterday by Bernard F. Vail of Centerville.

Mr. Vail, who owns and operates the Township Cab Service, stated that he is negotiating for the purchase of an ambulance and expects to be ready to begin operation the first of next month.

He announced that he had signed a county contract to furnish emergency ambulance service for highway accidents, effective August 1. He will also supply ambulance service for convalescent and industrial accident calls.

Mr. Vail said that he would personally operate the ambulance out of Centerville, utilizing his present facilities and telephone number, Centerville 8-8498.

This area has been without local ambulance service for the past two months following the announcement by Dallas Paul, Centerville, that he had discontinued the operation of his ambulance.

Committees from the various Chambers of Commerce and the Centerville Lions Club recently took up the problem of a need of an ambulance here and asked Vail if he might add such a service to his present business.

NEWARK MAN FIRST RESERVE CALLED

T/Sgt. Robert V. Lloyd, 30, World War II veteran of the Marine Corps, has the distinction of being the first Washington Township man to be recalled from the reserves to active duty.

He reported this week with the 12th Signal Corps, Marines Corps.

He served for three years with the Marines in the last war and has since been employed as radio and electrical technician at the United Air Lines at South San Francisco.

His home is at 2229 Dairy Avenue, Newark. He is married and has two children. Mrs. Lloyd is president of the Peggy Evaul Circle of the Newark Presbyterian Church.

RURAL CARRIER NAMED AT NILES

The post office department this week announced the appointment of Wayne R. Calhoun of Niles as a regular rural mail carrier out of the Niles post office, serving R.F.D. 1.

Calhoun is a graduate of the Niles Elementary School and the Washington Union High School and attended San Jose State before entering service with the U. S. Navy during World War II. He had been employed as a clerk with the Veterans Administration at Livermore.

He was a native of Oklahoma but had resided here for several years where he was employed by the SP railroad. He is survived by his widow, Mrs. Mary Adams, and two children, a daughter in Southern California and a son in Oregon.

Brief services were held Saturday at the parlors of the Chapel of the Palms in Centerville and the body was shipped to Hemet, California, for final rites.

Thinking Things Over . : :

By VIVIAN BATMAN

I hate to bring up an unpleasant subject again—apricots—but does anyone know what to do about over-bearing apricot trees? I'm sure our trees have now started on the second crop this year. Last week I thought I had them all properly disposed of, and I looked out the window yesterday and lo! and behold! there were just as many as ever, or so it seemed.

Last year our trees didn't bear at all. So we watered like mad all year, gave them all sorts of fancy plant food, pruned them to the quick—then sat by and waited expectantly. Our expectations were realized. They were more than realized. I have horrible nightmares every night now, wondering if our five trees will go on bearing for the rest of the year!

It's even getting so that when I go out to hang the clothes up on the line, I have to blindfold myself as I stumble through our prolific home orchard, in order not to see this depressing display of one of nature's practical jokes on a bewildered housewife.

A SPORTSMAN'S PARADISE

A certain fisherman whom I know very well came back from Harbin's this week—or was it Hoberg's?—with as nice a mess of rainbow trout as you'd ever hope to see.

His two sons, who had never known their father as a fisherman, were held spellbound by his dramatic account of how he caught these prize fish. The struggle the trout put up was one that would have challenged the skill of the best fisherman in California. But the kids could plainly see, couldn't they, that the battle had been won? There were the fish to prove it.

"But, Dad," finally said one of his sons, wrinkling up his forehead in obvious perplexity, "you didn't have any fishing equipment, and you didn't have any license. How come all these fish?"

The question was a good one. It was one that left their father floundering around in much the same manner, perhaps, as the late trout had done as they were pulled out of the water.

It was then, of course, that the truth came out. There had been no treacherous stream, no grim struggle to the death. There had been, instead, a calm and unruffled pool about the size of a good-sized living room, stocked every morning with nice batches of trout. It was a type of fishing designed for the "carriage trade," for those who like to take it easy in their fishing. Your hook is baited for you, the fish—which are as plentiful as sardines in a can—are practically hypnotized so that they never miss your hook, and then they are cleaned for you by an attendant, wrapped up for you, and—well—then you either take them home to impress the kids, or can have them cooked for you right there. Altogether it costs you about a dollar a fish.

That's what I call true sport.

Bridge-Luncheon

Mrs. L. E. Bailey of Centerville entertained a group of 32 of her friends at a bridge-luncheon last Friday. The tables were set in the spacious patio, where luncheon was served and where, later cards were played.

Three new developments in Standard's laboratories

We picked these three developments to tell you about because they will probably never be manufactured by Standard of California.

Although we developed them, looking for ways to help some of our customers meet special problems, we expect to turn them over to other companies to produce. And this illustrates a point...

Everything we discover that can possibly benefit you is brought to you in some way ...even when the development leads us far outside our own field. And when we turn up a practical way to improve a petroleum product, we make prompt use of it and, in many cases, make it available to other companies under license.

Research at Standard is a vital, progressive force. It has called for an investment of more than $35,000,000 in the last ten years, but its results have been immeasurable...not only in terms of better products but in the creation of new jobs and greater opportunity for our own people and those in many other industries.

SPORTS

1950 DEER SEASON OPENS AUGUST 7

Sportsmen of this area will take to the hills Sunday, August 6, in preparation for the opening of deer season the following morning, one-half hour before sunrise.

The bag limit remains at two bucks, with forked horns or better.

Alameda County Game Warden Fred Rogers warned this week that state laws require the return of deer tags by successful hunters. Each tag is to be filled out by the hunter, and validated by authorized officers.

COUNTERSIGNED CARDS

Tags may be countersigned by state fish and game wardens, employees of the Division of Fish and Game, notaries public, California Highway Patrol officers, authorized officers of locker or cold storage plants, all peace officers, federal game wardens, state or federal foresters, justices of the peace, or postmasters.

The law also states that portion of the deer head bearing antlers and the skin must be retained until 10 days after the close of the season and produced upon demand.

Does, fawns and hides with evidence of sex removed cannot be possessed.

It is unlawful to carry, or use, another person's deer tag or license.

SPECIAL PERMIT NEEDED

Under special permit, obtainable from the California Division of Fish and Game, from state fish and game wardens, or from a bonded locker plant, venison may be possessed longer than 15 days after the closed season.

The season officially closes one-half hour after sunset on September 15.

SPORTSMEN'S CLUB SPONSORS SHOOT

The public is invited to attend and compete for the many prizes.

DELAY IN DUCK SEASON ANNOUNCEMENT SEEN

California duck hunters will wait several weeks longer than usual before they hear the verdict on this year's waterfowl hunting seasons and bag limits from the nation's capitol.

Director Albert M. Day of the U. S. Fish and Wildlife Service has reported that the delay beyond the usual August 1 announcement is due to an endeavor to obtain last minute information from the continental breeding grounds.

"If the latter information indicates a decline in the crop of wild ducks and geese," Day said, "the regulations can be altered to hold the line. If the news is good, the sportsmen can be given the benefit by lessening of the restrictions either in the bag limit or length of season."

TOWNSHIP MITTMEN DUEL FOR POSITION IN PENNANT RACE

As the Shaunessy playoffs in the Washington Township Softball League nears, the teams of both divisions are scrambling for better positions.

The ten games played during the past week resulted in a reshuffle of second, third and fourth place standings in the B league, and a two-way tie for second place in the A league.

Kleines and Pacific States Steel are both pressing the A division leader, Central Chevrolet, while Y.M.I. has assured itself the B division pennant.

On Thursday, Central Chevrolet copped one from Pacific States Steel, 6 to 4, in the early game, while Y.M.I. blasted L & V, 10 to 5, in the nightcap.

Wedgewood dropped Friday's opener to American Forge in a close scoring battle, 6 to 5, and Central Chevrolet continued its winning spree in downing Westvaco, 8 to 1, before the lights were turned off.

Opening this week's play, Pacific States Steel eked out a 7 to 6 win over Kleines, and Y.M.I. had to take an extra inning to beat Kraftile, 3 to 2.

In Tuesday's games, L & V defeated Frick's, 10 to 9, and Pacific States Steel remained in the win column with a 5 to 4 victory over Westvaco.

In the opener on Wednesday, Kleines recovered to trim Central Chevrolet, 5 to 1, and the nightcap was cancelled when Wedgewood forfeited to Kraftile.

CENTERVILLE BOY ENLISTS IN NAVY

Lupe Romero Vargas, son of Mrs. Guadalupe Vargas of Centerville, enlisted in the Navy July 17.

Chief Martinson's recruiting office is situated in the Post Office building in San Leandro, and is open seven days a week between 8:30 a.m. and 4:30 p.m. He said that there are no quotas, and all reserves can volunteer for six months to a year's duty at the rate which they formerly held. HANDICAPPED WOMAN WELCOMES FAMILY

Three political refugees from a country which is behind the iron curtain are sharing the Centerville home of Miss Mildred Laudenschlager.

They are Estonian citizens, Dr. Barbara Koern, her 12-year-old son, George, and her mother, Mrs. Eugenia Teede, who fled from their home in Tallinn, Estonia, when that country was invaded by the Russian army in 1940.

Both Dr. Koern's husband, a captain in the Estonian army, and her father, who had been a colonel in the Russian army under the Czar who ruled over Estonia, and mayor of an Estonian city, were imprisoned by the Russians in 1940 and have not been heard from since.

In 1944, the three made their way through U. S. Army lines and, after hostilities ended, entered the International Vocational Training Organization Center at Gleislingen, Germany, which is in the American zone.

In June of this year the Lutheran Resettlement Center brought them to San Francisco where they were interviewed by Miss Laudenschlager. They arrived in Centerville last Saturday.

Dr. Koern is a surgeon who received her doctor's degree from Tartu University in Estonia. She will not be eligible for the California State Board examination, which all physicians must pass before being permitted to practice in the state, until she has been in the United States for two years.

Mrs. Teede and her husband are members of a White Russian noble family who fled from the revolutionists in 1917.

While in the Gleislinger Training Center, both Mrs. Teede and Dr. Koern completed many courses to better prepare themselves for finding employment in the U. S.

Dr. Koern speaks German, French, Italian, Russian, Slavonic and Finnish, as well as Estonian. She holds many vocational training certificates which indicate that she is able to serve as a textile industrial designer's assistant, and porcelain painter and decorator's assistant.

In speaking of her former home, Dr. Koern stated, "Russian people are among the finest in the world." She added, however, that the Russian government is "Nicht gut."

Although the three found it politically too hot for them to remain in their homeland, in America they find only the weather to be too hot. Estonia has a summer average of less than 65 degrees.

"Also unlike Europe, America has much open country which is not settled," said the doctor. "But Europe has nothing like the skyscrapers which overwhelmed us when we came to the U. S."

George finished elementary school while in the training center, and may enter Washington Union High School when it opens this fall. He is looking forward to becoming a Boy Scout, and is an avid "Hopalong Cassidy" fan.

Miss Laudenschlager, who is crippled and has been confined to her home almost entirely since 1927, and who supports herself by making greeting cards and taking magazine subscriptions, says that George practically haunts the house next door where there is a television set and, therefore, a cowboy show nightly.

Shoshone Falls, on the Snake River in Idaho, is forty-six feet higher than Niagara Falls.

MISSION SAN JOSE

By LOIS BOTTENBERG

Lois Bottenberg

IT'S POURING

It never rains but it pours in the Vieth-Myers household, for no sooner had Grace and Frank gotten home from their vacation in the north and Grace returned to her job at Wedgewood, than she got her hand hurt in a press. No broken bones but several stitches were taken in her left hand. Then on Friday morning Donnie Myers, Grace's son, was driving to Irvington early in the morning when he swerved to keep from hitting a car coming out of a driveway and his front wheel locked on him, skidding the car into a telephone pole. It smashed the car badly and Donnie was taken to the hospital by Frank Vieth where, after x-rays and examination, he was released, badly bruised and shaken, but no cuts.

AN ACCIDENT

What could have veen very serious and which caused Glenn Bottenberg some distress, was the breaking of a sander belt on an electric sander. It struck his hand with such force that he was pretty well cut and the other wrist was burned severly.

DINNER GUESTS

Mr. and Mrs. Bert McIvor and Mary Ann entertained the newly engaged Miss Jerry Jones of New York, and Mr. Cecil Rhodes, student pastor in the Irvington Presbyterian Church, at dinner on Sunday, along with Hugh McIvor and Miss Iris McNemar.

HITS JACK POT

At last Tony Rogers hit a small jackpot at least, for he got 87th prize in the Fun and Fortune contest put on by a bay area paper. He collected five bucks for his efforts. Let's make it five hundred some time, Tony. No kiddin'.

TRACT OPENING

Many curious and many who were interested in a home of their own visited the Mission Gardens tract on Sunday and are still visiting it. Many were thrilled and pleased but of course there were those who were critical also, but we are hoping that many will decide to come to Mission San Jose and make their future home.

RETURN FROM MEXICO

Larry, Flo and Thompy Thompson returned from a week's vacation in Eagle Rock, south of the border at Encenada Baca, Mexico, and other points of interest along the way. They brought back as Thompy's guest, Terry Burns, son of Mr. and Mrs. Charles Lucero of Los Angeles, who will be their house guest the rest of the summer, and what do you know? Their house had been painted in their absence.

ARRIVE FROM SOUTH

Mrs. Ferne Overacker and daughters, Patsy and Becky, Mrs. Hazel Millard, Andy and Nadine, arrived home Tuesday afternoon from the south where they enjoyed the scenery and all the radio shows they could get seats to see.

SUNDAY GUESTS

Guests for the day on Sunday at the Marvin Lofton home were Mr. and Mrs. George Coffey and family of San Francisco.

THEY EARNED IT

Now we see a new television set at the Ober home, or rather at their temporary home in the garage as the new home is not entirely finished. The Ober twins, Ronnie and Donnie, first started out with bikes. These were traded in on a little car for the two to learn to drive, and later this went in on a nice black horse. Feed became scarce and a horse in town is a little too much, so the boys sold it and saved their money. They have been helping dad on the house and at his job in J. C. Penney's, and accumulated enough for their hearts' desire, a television, so the other day up one went, so now they can see Hoppy and all the rest of their favorites.

TO MISSOURI

Mr. and Mrs. Delma Stotts and their kiddies left this week for a two weeks' vacation in Missouri with relatives and friends. The Hill family is taking care of their things at home while they are away.

MILITARY FUNERAL FOR JUAN D. OLIVA OF NILES

Funeral services for Juan D. Oliva, 43, Niles, were held Thursday at 11:45 p.m. from the parlors of the Berge Mortuary Company in Niles.

The deceased, the husband of Mrs. Antonia Oliva, died Sunday in an Oakland hospital following an illness of but a week's duration. He was a veteran of World War II and had been employed at the Pacific States Steel mill.

Burial was at Golden Gate National Cemetery, San Bruno.

John Conner Returns from Guam

John Conner, son of Mrs. Flora Connor of Niles, returned home Wednesday after a year in Guam, to be greeted with a home-coming party that combined all the gaiety of a whole year of holidays. His mother, and Mrs. Stuart Kiernan, assisted by Milton Mohn, did the planning and arranging of the party.

All five branches of the armed forces were represented at the party, as many of the boys are veterans. There was consequently a great deal of good-natured bantering about the comparative merits of the various branches. John, himself a veteran, had been in Guam this past year with the Army Civilian Law Enforcement.

Those invited included Carl Pierce, Russell Ross, Leon Vieux, John Bishop, Don Shanks, Tom Arias, Victor Fracolli, Ronald Oliver, Joe Noguera, Harold Houghton, Freddie Rebello, Wayne Davis, Paul Fracolli, Wayne Calhoun, Walter Blake, and "Butch" Mohn.

DECOTO GIRL AND BRIDEGROOM RETURN FROM LAKE TAHOE HONEYMOON

Miss Nettie Luna made a lovely picture as she walked down the aisle on the arm of her brother, Melvin Luna of Albany, on July 16, when she became the bride of Dick Massie of San Lorenzo at St. John's Catholic Church at 3 p.m.

She was attired in a white eyelet organdy ballerina-length gown with white eyelet gloves and a large white eyelet picture hat and linen opera pumps. She carried a white prayer book with a white orchid. Her sole attendant was Miss Vivian Moreira of Hayward, who wore an aqua swiss organdy ballerina-length dress with an aqua and white picture hat and carried a bouquet of light pink carnations.

Dick's best man was Robert Moore of San Jose, his cousin. Gerald Massie, brother of the groom, and Dale Gorham of Hayward served as ushers.

The altar at the church was beuatifully decorated with white gladiolas.

Mrs. Mary Luna, the bride's mother, wore a powder-blue suit and an orchid corsage. Mrs. Alice Massie was in a navy blue lace dress and also wore an orchid.

A reception for about 150 guests followed at Pland's Villa in San Lorenzo.

The couple spent their honeymoon at Lake Tahoe and are now residing in Hayward. Dick is employed by Standard Stations and Nettie will continue at her position at the Retailers Credit Association as assistant manager.
